II-4. Memorandum of Agreement Between the Chariho Regional School District and NEA Chariho pertaining to Article 12A – Superintendent Picard noted that this same MOA was put in front of the Committee last year on a trial basis as Vin was not sure if it would be an appropriate use of a room. This has gone very well so we would like to continue it this year. The additional duty is noted in red print. As there were no questions or concerns, the Superintendent stated that the vote will take place in open session.

The Committee moved to an Appeal of a CTC Admission Denial.
